

SYED MUTAHIR

Artificial Intelligence Engineer

☎ 03168086435 ✉ mutahirriaz4@gmail.com 🌐 [linkedin.com/syed-mutahir-007x/](https://www.linkedin.com/syed-mutahir-007x/)

ABOUT ME

I work across the full spectrum of data-driven systems, from raw data to deployable intelligent solutions. My focus is building models and systems that handle diverse data types including structured data, text, images, audio, and video, with emphasis on scalability and real-world use. I design end-to-end solutions spanning predictive modeling, computer vision, voice analysis, retrieval-based intelligence, and autonomous automation systems. I work comfortably with large, complex datasets and convert them into actionable intelligence. My goal is to advance toward AI research and contribute to building more general and capable intelligent systems.

PROJECTS

MAY - 2026

RAG System (Retrieval-Augmented Generation)

Developed a business-data RAG system combining vector search and large language models to deliver context-aware, knowledge-grounded responses.

MAY - 2026

Multi-Human Tracking System (Computer Vision)

Built a real-time multi-person detection and tracking system for live camera feeds using object detection and tracking algorithms.

JUNE - 2026

AI vs Human Voice Identification (Audio ML)

Built a deep learning-based audio classification system to distinguish human vs AI-generated voices using signal-level feature learning.

EXPERIENCE

2024 - 2026

FREELANCER WEB DEVELOPER

- Built and delivered responsive websites for clients across different domains.
- Developed and maintained web applications with focus on usability and performance.
- Collaborated with clients to translate requirements into functional digital solutions.

SKILLS

- MACHINE LEARNING
- DEEP LEARNING
- Retrieval-Augmented Generation (RAG)
- ML System Design & Deployment
- Python programming language
- COMPUTER VISION
- Version Control
- Natural Language Processing
- Ai Agent
- Large Dataset Handling
- Data Preprocessing & Feature Engineering
- Scikit Learn
- PyTorch

LANGUAGES

- English (Fluent)
- Urdu (Native)
